

ROOMS WITH DOLBY VOICE®

# Product Portfolio

A visionary suite of solutions to cover the range of rooms and use-cases within your business, Rooms with Dolby Voice combine advanced video, stunningly clear audio, into intelligent solutions that adapt to people and spaces.

Get set up and into your first meeting in minutes, easily share content and connect to your calendar for one-touch joining; all with support for industry-leading meeting platforms: Amazon Chime, BlueJeans, GoToMeeting and Highfive.

Rooms are appliances that include intelligent cameras, adaptive audio capture and integrated processing without the headaches of managing PC-based bundles. With streamlined support and free enterprise-class management tools, Rooms with Dolby Voice make life easy for IT.

Rooms as a Service from Dolby meeting platform partners combines devices, service and support with terms designed for your business and the ability to leverage operational expenditure (OpEx) for purchase.

Get up and running in  
**15 minutes**

Rooms with Dolby Voice make life easy for users & IT teams:

Minimal device footprint with simple setup

Advanced video & audio adapts to people & spaces – even challenging rooms

Enterprise level management tools included with purchase

# Rooms with Dolby Voice

## ROOM SIZE & SETUP

## HARDWARE

1-4 seats

10' x 10'

## Huddle

### Perfectly adapted for small spaces

Built for huddle spaces up to 4 people, Huddle's minimal footprint easily mounts on, above or below a single display. Dolby's adaptive features deliver incredible meeting quality even in challenging spaces.

Touch Controller

Huddle

Sat Mic

4-8 seats

15' x 20'

## Room

### Flexible intelligence

Room is designed to flex across small and mid-size spaces up to 8 people, with an enhanced camera that seamlessly frames conversations, exceptional audio and touch control from the Phone. With multiple install configurations and support for dual displays, Room covers a wide array of spaces and layouts.

Camera

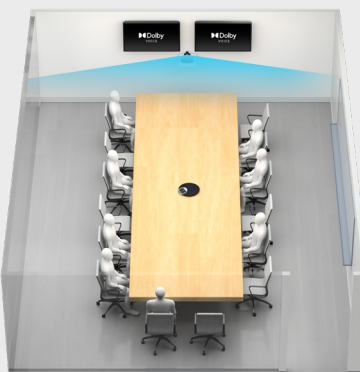

Hub

Phone

8-20 seats

20' x 30'

## Pro

### Room to grow

Pro is designed to flex across larger spaces of 10 people or more, with a high-end dual sensor camera, exceptional audio and touch control from the Phone. This solution extends the capabilities of Room with long-range 12x zoom, with coverage up to 30 feet.
